

# ParksLove Project

*Have your say, Lynnwood!*

Lynnwood Parks play an essential role in our community. The City of Lynnwood recently received a national grant to incorporate community voices into our parks planning process. This process will examine park equity in order to guide priorities and investments in our parks that benefit all.

## How are we doing it?

### Connecting with community

#### In a co-design process focusing on:

- Inclusion, equity, health, and environmental resilience

#### At large:

- Hosting listening sessions and park events
- Participating in community events

### Conducting technical evaluations of existing parks

## What comes next?

Draft list of park projects based on community input

Review & prioritize project list w/ Co-Design Team

Develop funding strategies for projects

**Final Park Capital Plan!**

(Summer 2023)

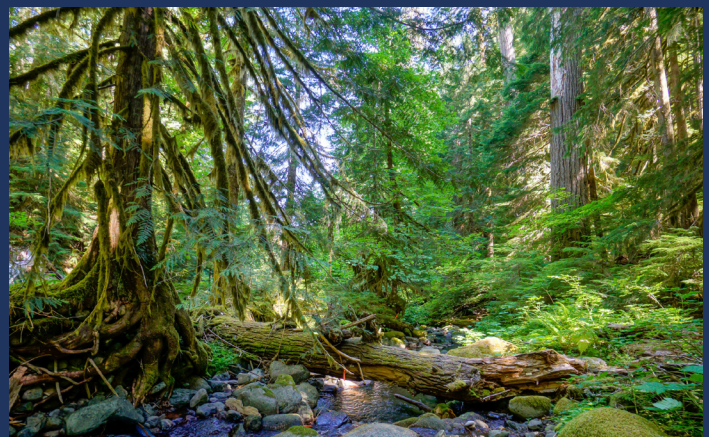

How can we make parks more welcoming for you?

How can we make parks more accessible for you?

How can parks support your health?

What environmental issues matter most to you?

Show us how you #ParksLove!
