40. COMMISSIONER & AD HOC REPORTS

C. van den Bosch suggested pursuing idea of little free libraries, with focus on design with school children participation, perhaps involving high school students as mentors for 6 graders. Approach Friends of Library as sponsor and funding source. He will propose a plan of what would be needed to start project. For signal box wraps – emphasize design work by local artists.

C Segalla suggested street painting event. He described Seattle painting event, which was neighborhood organized, and received city financial help. We can consider Love Your Block grant to pay for paint, which can be permanent or temporary.

50. COUNCIL LIAISON REPORT

C. Sutton shared the following:

- Reports to City Council about Arts Commission activities have gotten positive attention, showing that the Arts Commission is involved and doing things such as the signal box wraps, and library collaboration.
- City is thinking about collaboration with other surrounding towns to construct affordable low cost housing buildings, also for land use / traffic congestion planning.
- PROJECT HOMELESS CONNECT – private groups donating medical services, a bus with showers, coming to Everett on July 20.
- Medical Detoxification facility just opened in Lynnwood – 16 bed, planned to serve up to 1000 per year – expected to have a 1 to 2 week stay.
- National Night out is August 1.
- Council approved a new position within Police Department, shared with Edmonds, for dealing with and providing positive social interaction with homeless population.
