I. PUBLIC HEARING

Item 1: Appeal of MDNS for Alderwood Little League Baseball Field #3 Improvements Building and Grading Permits (2003ERC0009)

Appeal of the approval by the City's Environmental Review Committee of a Mitigated Determination of Non-Significance as the environmental document for the improvements to Field #3 proposed by the Alderwood Little League. This Determination allows construction of the improvements without preparation of an environmental impact statement, provided that certain mitigation measures (listed in the Determination) are completed. Three appeals have been filed. Two appeals ask to delete a mitigation measure requiring the berm at the south boundary of the property to be extended to the eastern property line. The Third appeal seeks to prohibit use of the field until all mitigation measures have been completed.

The public is invited to attend.

Parking and meeting rooms are accessible for persons with disabilities.
Contact the City at 425-670-6613 with 24 hours advance notice for special accommodations.
