

AUTOMOTIVE/BOAT/VEHICLE SUPPLEMENTAL FORM

This supplemental form applies to **automotive, boat, or vehicle-related businesses**. This form must be completed and submitted with your business license application.

The Lynnwood Wastewater Treatment Plant treats waste with biological organisms. Excessive amounts of oils, solvents, grease, metals or pesticides can seriously impair the organisms. Any business which discharges into the City storm or sanitary sewer system is subject to discharge limitations. An inspection of disposal and cleaning records and a review of business practices may result if discharge problems are traced to your business site. Penalties and sanctions may be imposed if discharge limitations are exceeded. If you have any questions about the requirements, please call (425) 670-5221.

You may also be asked to produce records such as receipts for disposal services or cleaning services associated with storage of chemicals, flammables, and wastewater pre-treatment activities. Please make certain you keep such records.

In addition to the above considerations involving the type of waste produced by your business, certain City departments need specific storage and processing information in order to be able to approve a building for a specific use. Accurately answering the questions below will facilitate the processing of your business license application.

GENERAL

1. Which category best describes the business?

- | | | | |
|------------------------------------|---|--|--|
| <input type="checkbox"/> Body Shop | <input type="checkbox"/> Fuel Dealer | <input type="checkbox"/> Paint Shop | <input type="checkbox"/> Tires |
| <input type="checkbox"/> Dealer | <input type="checkbox"/> Machine Shop | <input type="checkbox"/> Repair Shop | <input type="checkbox"/> Service Station |
| <input type="checkbox"/> Detailer | <input type="checkbox"/> New Parts Dealer | <input type="checkbox"/> Transmission Shop | <input type="checkbox"/> Used Parts Dealer |

2. Please check items used or present at the business:

- | | |
|---|---|
| <input type="checkbox"/> Antifreeze | <input type="checkbox"/> Glass Bead Dust |
| <input type="checkbox"/> Batteries/Acid | <input type="checkbox"/> Oils and Lubricants |
| <input type="checkbox"/> Brake Fluid | <input type="checkbox"/> Pressure Washer Wastewater |
| <input type="checkbox"/> Burning Oven/Tumbler Residue | <input type="checkbox"/> Rags/Shop Towels |
| <input type="checkbox"/> Cutting Machine Sludge | <input type="checkbox"/> Solvents/Paint Thinners |
| <input type="checkbox"/> Degreasers | <input type="checkbox"/> Spray Gun Wastes |

3. Does the business involve any of the following?

- Bulk storage of chemical in quantities greater than 5 gallons? Continue to Question 4.
- Bulk storage of fuel? Continue to Question 5.
- Burning of used motor oil for heat?
- Parts cleaning with solvents?
- Plating or anodizing?
- Spray painting? Continue to Question 7.
- Welding/torch cutting?

4. Please list the chemicals stored in bulk quantities:

5. Are the bulk fuel storage tank(s):
 Above ground
 Underground
6. Storage capacity of fuel tank(s): _____
7. Please describe the spray booth: _____

8. Are chemicals or fuels stored outside?
 YES What type and quantities? _____
 NO
9. Are there occasions where equipment affected by chemicals or grease is washed or cleaned outside?
 YES
 NO
