+++ **FEES:** For specific fee information, see LMC 3.104 or check the fee schedule available online or at our office.

Fees for *single-family or duplex residential buildings* are calculated by the number of fixtures (see above).

Fees for *all other buildings, including but not limited to commercial, institutional, or residential complexes of 3 units or more*, are all calculated by contract amount.

**NOTICE**

This permit becomes null and void if the authorized work has not been inspected by this department within 180 calendar days of issuance or for a period of 180 calendar days from the last inspection. The total life of this permit is limited to a maximum of 540 calendar days, provided it has not expired under the restrictions above. One extension request for 180 calendar days may be granted if a written request is submitted to the building official showing just cause before the expiration date.

I hereby certify that I have read and examined this application and know the same to be true and correct. All provisions of laws and ordinances governing this type of work will be complied with whether specified herein or not. The granting of a permit does not presume to give authority to violate or cancel the provisions of any other state or local law regulating construction or the performance of construction.
