

Mobile/Manufactured Home Permits

Listed below is the information that needs to be provided in order to submit a complete application for a **mobile or manufactured home** building permit. Staff will not process incomplete applications. Permits are required before the unit is placed on its lot.

SUBMITTAL REQUIREMENTS

- Completed and signed application form, including proof of a valid State Contractor's License and a City of Lynnwood Business License.
- Two (2) complete sets of plans, including:
 - Plot plan
 - Foundation plan, if applicable
 - Manufacturer's Installation Instructions
 - Copy of installer's *Manufactured Housing Installation Certification*
 - Stair, landing, guardrail and handrail details.

ADDITIONAL REQUIREMENTS

- Mobile homes, manufactured homes, or other types of units which are removed from an existing mobile home park may only be replaced with a mobile or manufactured home.
- Recreational vehicles are not allowed as new or replacement units in mobile home parks.
- The City strongly recommends that units be equipped with a smoke detector and a fire extinguisher.
- Mobile home park owners shall designate an internal, unobstructed road for general and emergency access at least 20 feet in width, or as approved in writing by the Fire Marshal.
- Tie down and anchorage requirements are to be made available on site for inspection and verification.
- All new or replacement units and accessory structures shall either meet the requirements of the building codes currently adopted by the City or bear the appropriate seal of Washington State Labor & Industries dated after January 1, 1968.
- Units and accessory structures shall meet the following setbacks. The unit is inclusive of the mobile or manufactured home as well as any porch covers, carports, or the like which are functionally a part of the unit:

Internal Road: 0 feet
Property Line: 5 feet
Other Units: 10 feet
Other Structures: 5 feet

NOTE

Full plan review fees are due upon submittal and are calculated based on valuation of the set-up cost.

+++ **FEES:** For specific fee information, see LMC 3.104 or check the fee schedule available online or at our office.

Fees for *single-family or duplex residential buildings* are calculated by the number of fixtures (see above).

Fees for *all other buildings, including but not limited to commercial, institutional, or residential complexes of 3 units or more*, are all calculated by contract amount.

NOTICE

This permit becomes null and void if the authorized work has not been inspected by this department within 180 calendar days of issuance or for a period of 180 calendar days from the last inspection. The total life of this permit is limited to a maximum of 540 calendar days, provided it has not expired under the restrictions above. One extension request for 180 calendar days may be granted if a written request is submitted to the building official showing just cause before the expiration date.

I hereby certify that I have read and examined this application and know the same to be true and correct. All provisions of laws and ordinances governing this type of work will be complied with whether specified herein or not. The granting of a permit does not presume to give authority to violate or cancel the provisions of any other state or local law regulating construction or the performance of construction.
