<b>NOTICE</b>			
An operational permit is required for all activity defined by LMC Title 9, Chapter 9.04.110 Section 105 IFC amended – Permits. Operational permits are issued on an annual basis with receipt of a completed application and granted upon an inspection performed by the Fire Marshal's Office. The permit is valid for 365 days from the date of issuance.			
LMC Title 9, Chapter 9.01.100 Civil Penalty for Operating without a Required Permit. Whenever the fire marshal determines that a person, firm, corporation or company is operating without permit(s) as required by this code, he may, in addition to, or as an alternative to, any other enforcement remedies the city may have, impose a civil penalty in an amount equal to two times the amount of the required permit fee, plus \$100.00 per day for each day that operations continue without the required permit(s).			
You must have a City of Lynnwood Business License in order to conduct business in the City limits. This permit does not permit you to do business.			
I hereby certify that I have read and examined this application and know the same to be true and correct. All provisions of laws and ordinances governing this type of work will be complied with whether specified herein or not. The granting of a permit does not presume to give authority to violate or cancel the provisions of any other state or local law regulating these operations.
