

The City of Lynnwood's Standards Details are not current and are in the process of being updated and revised by the Public Works Staff, and are subject to change at any time.

It is the responsibility of the Engineer to ensure compliance with City Standards when submitting projects for review and approval. In addition, it is the responsibility of the Engineer to obtain and verify the revised Standard Details once updated.

Although Lynnwood is happy to provide these details and associated drawings, they should be used under the supervision of a professional engineer accepting the responsibility and liability for their use. The details are intended to assist, but not substitute, for competent work by design professionals. It remains the responsibility of the consultant to assure that the details to be used are appropriate for the intended use.

This mapping was originally prepared for use by the City Of Lynnwood for its internal purposes only, and was not designed or intended for general use by members of the public. Independent verification of all data contained in the mapping should be obtained by any user. The City of Lynnwood makes no representation or warranty as to the accuracy or location of any map features thereon.
