- NOTES**
1. The approval of a Commute Trip Reduction does not in any way replace, modify or waive any requirement for the compliance of the proposal with other applicable codes, standards, or regulations including, but not necessarily limited to, those of the Building, Fire or Public Works Departments. You are advised to contact these departments concerning such requirements.
 2. *Optional consolidated review:* Per LMC 1.35.080, projects involving two or more land use applications filed at the same time may be "consolidated" upon written request by the applicant at the time of submittal. When applications are consolidated for review, the entire package will proceed using the process involving the highest decision-making authority. For example, for a project involving a Project Design Review application and a Rezone application, both applications would have a final decision issued by City Council. It is strongly recommended that you speak with a staff member about consolidated review so that you are informed of your options and how your applications would be affected.
- I/We hereby request consolidated review.
3. It is the responsibility of the owners, applicants and agents to become aware of the requirements of Title 21-Zoning of the Lynnwood Municipal Code.
 4. An application may be amended only in writing.
 5. Submittal of this application grants appropriate city officials the right of entry to the project site during a reasonable hour and, upon proper identification, to the building, structure and/or premise, which is directly related to this application.
 6. In each application the burden of proof rests with the applicant, petitioner or proponent.
 7. Items with any typewritten information must be 10-point font or larger to ensure legibility of scanned documents.

I/We certify that the information provided in this application, including all submittals and attachments, is true and correct to the best of my/our knowledge.
