

Welcome to Lynnwood Municipal Court's Virtual Courtroom.

Effective June 15, 2020, Lynnwood Municipal Court will be using **ZOOM video conferencing for all court hearings**. If you have been summoned to appear for court, you will need to access the court via a zoom app or link on your electronic device. Zoom is free to download, you will need to download Zoom at www.zoom.us, or you can download the app directly to your cell phone.

Schedule your hearing for the date and time (AM or PM) printed on your summons or hearing notice.

You are required to remain on Zoom until your case is called, completed and you are excused. If you leave Zoom before your case is resolved, you will be considered a failure to appear and a bench warrant maybe issued for your arrest.

Prior to your court appearance, we highly recommend you download Zoom to your mobile device or PC you intend to use for your court appearance and verify your microphone/speakers work properly. <https://zoom.us/support/download>

To appear on camera or by telephone for your Zoom Hearing:

Fifteen minutes before your hearing, **test your connection** and make yourself available to speak to your attorney.

You will need a computer/laptop with internet access and a camera, a laptop or a smart phone.

If you only have a telephone, you can still dial into the hearing and the parties can hear you but not see you at the hearing, and you can hear those participating. You will be muted until your case is called or until your attorney needs to speak with you.

If you are unable to attend this hearing utilizing Zoom, please contact the Court Clerk's office at (425) 670-5100 or your public defender for assistance.

Additional instructions can be located here for assistance using Zoom on your mobile device or PC. <https://support.zoom.us/hc/en-us/articles/201362283-Testing-Computer-or-Device-Audio>

Please be advised, you will be responsible to troubleshoot your video and/or telephone connection issues. Court staff are not responsible to resolve these issues for you.
