

Growing Roots Together  
Urban Farming - Lynnwood  
Resources Handout

Veggie Seeds/Plants and Harvest Sharing:

- *Buy local* - Some of my favorite seed companies are Territorial, Uprising, and Adaptive
- Lawns to Lettuce and Project Harvest – Sign up to “plant a row” for your local food bank and get **FREE SEEDS!**
- Nextdoor.com – connect with your neighbors, share plants/seeds, resources and harvests
- Facebook Buy Nothing Groups: good way to get plants/seeds and cardboard (for sheet mulching) as well as to share your harvest with your neighbors!
- Seed swaps – Keep an eye out for community seed swaps or organize your own!

Soil Testing, Rain Barrels & Urban Agriculture Resources

- Snohomish Conservation District – soil testing info, rain gardens, site visits

Compost

- Cedar Grove (bags or bulk)
- Sky Nursery (Cedar Grove in bags or bulk – can pick up ½ yard at a time)

Garden Planners & What to Plant When:

- Almanac.com: Old Farmer’s Almanac - online garden planner, planting calendar by zip code, great how-to videos
- Territorial Seeds

*Please reach out if you have any questions and to sign up to get notified about upcoming Urban Farming courses.*

*Together we grow!*
