**FINAL APPROVAL
REQUIRED ITEMS**

- 1. An electronic copy (PDF format).
- 2. One full-size paper copy of the final plan on reproducible material.
- 3. A copy of any deed restrictions and restrictive covenants proposed by the applicant.
- 4. A current title report issued by a title insurance company showing all parties whose consent is necessary and their interest in the premises, as well as any encumbrances.
- 5. One copy of the "as-constructed" plans, prepared on mylar by a licensed professional engineer registered in the state of Washington, showing all completed improvements.
- 6. A complete survey with field computation notes.
- 7. A plat performance bond or other security per LMC 19.20.045 if the required improvements have not been completed.
- 8. A petition bearing sufficient signatures to create a local improvement district, if proposed and not already created by resolution.
- 9. All inspection, application, and processing fees are paid in full.

FEES See LMC 3.104 or contact our office for current fee information.

- NOTES**
1. The approval of a Binding Site Plan Application does not in any way replace, modify or waive any requirement for the compliance of the proposal with other applicable codes, standards, or regulations including, but not necessarily limited to, those of the Building, Fire or Public Works Departments. You are advised to contact these departments concerning such requirements.
 2. It is the responsibility of the owners, applicants and agents to become aware of the requirements of Title 19-Subdivisions and Title 21-Zoning of the Lynnwood Municipal Code. It is strongly encouraged that a pre-application conference with the City staff be scheduled prior to submittal of an application.
 3. An application may be amended only in writing.
 4. Submittal of this application grants the appropriate city officials the right of entry to the project site during a reasonable hour and, upon proper identification, to the building, structure and/or premise, which is directly related to this application.
 5. In each application the burden of proof rests with the applicant, petitioner or proponent.
 6. *Optional consolidated review:* Per LMC 1.35.080, projects involving two or more land use applications filed at the same time may be "consolidated" upon written request by the applicant at the time of submittal. When applications are consolidated for review, the entire package will proceed using the process involving the highest decision-making authority. For example, for a project involving a Project Design Review application and a Rezone application, both applications would have a final decision issued by City Council. It is strongly recommended that you speak with a staff member about consolidated review so that you are informed of your options and how your applications would be affected.
- I/We hereby request consolidated review.
7. Items with any typewritten information must be 10-point font or larger to ensure legibility of scanned documents.

8. Staff strongly recommends that the applicant submit a written statement with the Binding Site Plan Application which responds to the factors that are considered during review by staff and the Mayor. It is the applicant's burden to demonstrate conformance to the following factors as they now exist or as they may be amended:

- A. The Lynnwood Comprehensive Parks and Recreation Plan;
- B. The Lynnwood Zoning Code;
- C. The standards of LMC Title 19 – Subdivisions, and RCW 58.17;
- D. The Lynnwood 6-year Transportation and Improvement Plan;
- E. The standards of LMC Title 17 – Environment;
- F. The Lynnwood Water System Comprehensive Plan;
- G. The Lynnwood Comprehensive Trunk Storm Drainage Plan and LMC 13.40 Drainage Plans;
- H. The standards of LMC 21.08, Land Clearing;
- I. The compatibility of the plat to the existing adjacent developments;
- J. The Federal flood hazard area map and criteria, as per LMC 16.46; and
- K. Any other plans and programs as the City of Lynnwood may adopt.
